VAT Not Paid	Engine Type 2 x MAN 900 CR	Engine HP 900	Crew Cabin 1
Beam 4.93			

Overview

ALOHA is an exceptionally well-kept Ferretti Yachts 550, combining timeless Zuccon International Project design with impressive volume, performance and Italian craftsmanship.

Powered by twin MAN V8 diesel engines with approximately 680 hours, she was purchased through our brokerage for a special project that ultimately did not proceed and has therefore seen very limited use since. Her owners have nevertheless continued to maintain her to an excellent standard, investing approximately €30,000 in servicing, preventative maintenance and upgrades over the past year.

Recent works include brand-new underwater lights, new ground tackle and a successful MAN sea trial. She has also been prepared to meet full US Coast Guard safety requirements, reflecting the exceptional level of care and attention invested in the yacht.

Presented in genuinely outstanding condition, ALOHA is turnkey, immediately available and ready to cruise the Ionian. Viewings can now be arranged.

KEY FEATURES

- Zuccon International Project design · built by Ferretti Yachts
- Twin MAN D2848 LE423 V8 diesels, 900 hp each — only ~680 hours
- ~22 kn cruise / ~34 kn max · shaft drive · bow thruster
- **Independent MAN sea-trial report (Sept 2024) available** — "overall very good condition"
