Overview

Available Now | Immaculate Condition | Turn-Key Ready

She is not a typical 90’s motor yacht attempting to echo the past. She is a 29.9-meter Mediterranean thoroughbred that has been systematically upgraded to compete in today’s market. Designed by Gerhard Gilgenast with interiors by Paola D. Smith, carries a sharp, Dynamic profile.

Her distinction lies in capital reinvestment. Major mechanical and structural works have been completed, including MTU W5 overhaul (2023), full hull and superstructure repaint, rebuilt windlasses and deck crane, new shaft seals, stern thruster installation, upgraded navigation electronics and continuous annual servicing. Powered by twin MTU 396 engines, she cruises confidently at 19 knots and reaches 24 knots, delivering true performance from a 127 GT platform.

Accommodation is arranged for 9 guests in 4 cabins, highlighted by a full-beam master with walk-in dressing area. Twin watermakers and triple generators reinforce her autonomy and operational depth.

Key Features

- Twin MTU 396 Engines – W5 Completed (2023)
- 24 Knots Maximum Speed | 19 Knots Cruising
- 127 GT | 6.42m Beam Platform
- Hull & Superstructure Repainted (2023)

Ready for immediate inspection and delivery.

Specifications

Engine 1

- MTU 396 12V TB93
- Fuel Type: Diesel
- Hours: 3690
- Power: 1960 hp

Engine 2

- MTU 396 12V TB93
- Fuel Type: Diesel
- Hours: 3690
- Power: 1960 hp

Dimensions

- LOA: 29 m 90 cm
- Beam: 6 m 42 cm
- Max Draft: 2 m 40 cm

- Engines: 2 x MTU 1917 hp, Model: 396 12V TB93
- W5 Completed in 2023
    - Engine Hours: Port: 3700 / Stbd 3689 (November 2025)
- Consumption; Approx: 750lt @ 19 knots
- Eco Speed: 12 knots
- Reduction Gears: ZF

- Propellers: 2 x 4 blades

Generators

• 2 × Kohler 28kw, 35KVA 28EFO2D
• 1 x Kohler 17kw , 17 EFOZ 3phase (Night Generator) Rebuild 2024

Electricity

Voltage 380V AC, 220V AC, 24V DC Shore Power:

Batteries:

• 3 x Winner 12V 100Ah 800A (Generators) • 4 x TAB 12V 240Ah 1250A (Main Engines)

• 6 x BOHAI 12V 225Ah 1150A (Service) Battery Chargers

- 1 x Zivan Input: 400V 7A 50-60Hz, Output:24V - 100A
- 1 x Mastervolt MASS 24/100 - 3phase

Accommodation for 9 guests in 4 Cabins

• Main Deck Salon and Dining Area, with Sofas, Dining table
• Master Cabin with Double Bed, Sofa, Walk-in Wardrobe/Dress Room, Boudoir and Ensuite Bathroom with Tub
